

## Woman remains missing

On May 5, Lisa Marie Young turned 26 years old. Lisa has been missing for almost five years now. There is still no leads to her whereabouts.

In July 2002, our world crumbled around us. When you didn't come home we knew something was terribly wrong. Even though time has gone by, it seems like yesterday that we last saw you. It's like a bad dream, and we're going to wake up and find you here saying it's okay.

But it's not a bad dream. I know people may say get on with our lives, but till we find answers on where you are we won't. We wouldn't wish this nightmare on anyone.

Loving Someone  
Loving someone is the best thing anyone can do,

The best thing we'll ever be able to do now is love n miss you.

The worst part about loving someone so dearly is losing that person,  
I think we should all live for

EVERYTHING, and leave this earth for NO REASON.

God has a plan for us...I don't know what it is but it should be good,

If I could go back in time and find you...I would.

The sun is shining; the wind is blowing...the rain of falling.

That's how I know you're still there... someday God will be calling.

Calling for my time to come home,  
And when that day comes...I'll no longer be here alone.

....Are you an Angel?...Or are you a Ghost?

You coming home for dinner is what I miss most.

I see a butterfly fluttering in the sky,  
The butterfly stays a while, and that's when I had to say good-bye.

I miss your love and your touch,  
I never thought I'd come to miss you so much.

Rest In Peace  
Lisa Marie Young
